### Website Site for RCRA is Now in Use

Since October, 2007, Jerry Henninger, a past president of RCRA, has hosted the RCRA web site. We appreciate and thank Jerry Henninger and his business partner, Lance Ochs at the **Heritage Trade Group** for hosting the website on their company's equipment. It appears that many people are visiting the web site.

Visit <http://rcretirees.com/> to see how information from our semiannual newsletter is displayed on line. Also notice that a user can download a roster that includes names and mailing addresses for our membership totaling more than 2100. As a security measure, you must e-mail one of the officers to obtain the pass word to access and print the directory. Please be aware the directory is not for commercial use only.

Please continue to forward obituaries and death notices for our members to one of the officers at the address in the box above right and copy Jerry Henninger. His email address is [jerry@heritagetradegroup.com](mailto:jerry@heritagetradegroup.com).

I know you will join the RCRA officers in thanking Jerry and Lance for their generous donation of equipment and service.

### Thanks to Our Hostess Committee

Another group we want to express our gratitude and thanks to is our Hostess Committee organized by **Janice Taylor** and **Bernice Toller**. This group of Hostesses greets members, prepares the meeting room, handles name tags, arranges and serves the refreshments, collects the money to support the meetings and does an outstanding job at every meeting. We all greatly appreciate their support at each meeting.

Remember, our primary means of supporting our meetings is donations from you. Please give generously when the baskets are passed around

### President's Ponderings

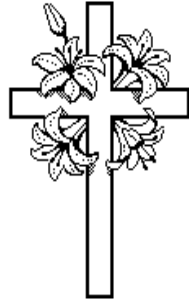

We now have a new administration in Washington and with all the changes in the economy and the upcoming bail out attempts, what a better time to engage with old friends for discussions with them and attend the next meeting of the Rockwell Collins Retirees Association.

Whatever our political views are, there will be people who differ with us and agree with us and will be eager to discuss the issues in a relaxed atmosphere. We may even find out more information to support our views or open our eyes to other opinions. There are plenty of ideas on the effects of the various bail out approaches, and opportunities to meet with those who share a like background and work experience is a great way to enter into discussions about how they may affect us.

Even if we do not desire to enter into the discussions on the political and economic scene, it is a great way to renew old friendships and compare ailments and our latest medical issues. Almost everyone will see someone they haven't seen in a while and will have the opportunity to become reacquainted.

So, come and join us. You will be surprised who you will see there.
